Information about the election process of a new EAAE Board

The President, Vice - President, Secretary - General and the Treasurer are appointed for a term of three years. The Secretary - General and the Treasurer are eligible for reappointment and when the President retires the Vice - President will be automatically nominated by the Board for appointment as President for the coming three years. The six other board members are appointed for a term of three years. They can be immediately reappointed for another term of three years only once. Normally three of these six board members retire at the end of each term, while the remaining three are nominated by the Board to serve for another term. The appointment of the Board members is made from a binding nomination prepared by the Board, after a call for candidates to the members of the EAAE. The Board uses the nominations to put together a binding proposal on which the members will be asked to vote using an electronic ballot. The General Meeting convened at the triennial EAAE Congress is asked to confirm the result of the ballot and elect the new Board.

With regard to the position of Vice-President the board proposes in order to have a smooth transition in the board given the major turn-over in the Board (with retirement of the present secretary-general and treasurer) and considering the exceptional changes in the Board after the premature passing away of the former President Giovanni Anania to appoint as Vice-President a member of the current Board, Jutta Roosen, who has a longstanding experience in the EAAE.
